History

NEWARK was founded in 1666. It is located on the Passaic River and Newark Bay about 12 miles from New York City, and is the metropolis of New Jersey. It ranks fourteenth in industrial production in the United States, and has a great diversity of manufactures. Ten and one-half miles of waterfront. City developed, PORT OF NEWARK, has deep water shipping to all parts of the world; also, ship-to-car and car-to-ship handling of merchandise, doing away with the necessity of lighterage. United States Trunk Highways adjoining Port, greatly facilitate motor truck shipments of goods. Unexcelled labor market. Lumber and building material center.

Newark, New Jersey, ranks fifteenth in population. It has unsurpassed educational facilities; schools, academies and colleges, and is the shopping center for northern New Jersey. The Newark Chamber of Commerce is one of the most efficient service institutions in the United States, and with its varied divisions stands ready to furnish descriptive data and facts to those interested in the tremendous business possibilities of this community.

Financial situation. Very important insurance center. Thirteen large Life, Fire and Casualty Companies. Aggregate assets of more than two billion dollars; nine thousand home office employees. Banking resources of \$455,981,113. In addition to this there are 483 Building and Loan Associations with total assets of \$353,560,405. Recognizing its geographical advantages, the municipality is now building one of the largest air ports in this country with direct highway connections via the Hudson Vehicular Tunnel to New York City.

Retail trade center for approximately one million people. Large metropolitan stores serve the general high-grade retail demands. Newspapers consisting of the "Newark Evening News", "The Newark Sunday Call", "The Newark Star Eagle" and "Newark Ledger", have a circulation of approximately 355,000.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted*.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

"Organized Effort on Behalf of Our City"

"The conception of Chamber activities is embodied in one of the adopted slogans—'Organized Effort on Behalf of Our City'—and the Chamber is a success only to the degree that this effort is extended and service rendered impartially, fearlessly, and unselfishly for the benefit of the community. The Chamber has made great strides in further developing the comprehensive character of the organization, which today is more generally recognized as an organized body through which all citizens may work for the advancement of the civic and commercial welfare of the city. It is non-political and non-sectarian. It voices the opinion of a membership composed of all shades of thought and of all lines of commercial and professional activity. It is the voluntary, collective contribution of public-spirited men and women to the common good."

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

FIRST: To improve the Directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND: To protect the public against fraudulent advertising schemes operated under the name of directories, and to drive the promoters of such out of the business.

THIRD: To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH: For the mutual advancement of the established and prospective interests of all who may become members of the association.

\$100 REWARD

The Association of North American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on fraudulent directories, provided the conviction results in imprisonment of not less than six months. BUYERS' DIRECTORY

It's Practical Uses

To give permanence to paid-for publicity.

To detail more fully the products and service of industrial, commercial, financial and professional activities.

To form a quality background by the better use of type and paper.

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. Supervised by the Government

STRONGER than the vault or its sixteen ton door is the backing of the National Newark and Essex Banking Company.

A century ago its Cashier's orders were talismen for passage on the New York ferries. Then very little money was good money.

Today we have an account from the majority of Newark concerns employing labor extensively.

The National Newark and Essex Banking Company is a national bank, United States depository, also depository for state, county and municipal funds.

And Still The Record Holds!

Among all the six-day newspapers in the United States the NEWARK EVENING NEWS again, in 1927, ranked

First—

Such an outstanding record is the logical result of the publication of a clean, bright, wholesome newspaper read and fit to be read by young and old alike—a newspaper that is recognized as one of the outstanding news journals of the day and a result producing Advertising Medium far above the average.

New Jersey Freie Zeitung

The only German Daily paper in the State

Published Every Morning

(Established 1858)

DAILY AND SUNDAY for Seventy years the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of German Americans throughout this city, county and state

As a first-class family newspaper with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence. Its editorials and news matter being widely quoted and copied by other newspapers.

As an advertising medium the high quality of its home circulation and the fact of its having an exclusive field, produces excellent results for stores, real estate agents, banks and every good, honest proposition as its perpetually well filled advertising columns plainly testify.

Newark is a German American city and any advertiser who attempts to cover it without using the German American newspaper deliberately cuts himself off from the business of a very large proportion of the population.

The Newark Ledger

The 6-column Single Section Associated Press Newark Ledger provides more information and more entertainment at less inconvenience and in a shorter length of time than any other Daily or Sunday newspaper published or circulated in North Jersey.

The Associated Press Newark Ledger is not a jazz comic supplement "to" but a complete substitute "for" the old numerous section standard size newspaper.

There is in the Ledger the product of the largest array of internationally famous authors and artists that appears in any single paper in the United States.

The Ledger, both Daily and Sunday, is distinctly a class newspaper.

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system of equations (1) as $\epsilon \rightarrow 0$. It is shown that the solutions of the system (1) converge to the solutions of the system (2) as $\epsilon \rightarrow 0$.

$$S_{\text{eff}} = \int d^4x \left[-\frac{1}{2} (\partial_\mu \phi)^2 - \frac{1}{2} (\partial_\mu \psi)^2 - \frac{1}{2} (\partial_\mu \chi)^2 - \frac{1}{2} (\partial_\mu \eta)^2 - \frac{1}{2} (\partial_\mu \sigma)^2 - \frac{1}{2} (\partial_\mu \tau)^2 - \frac{1}{2} (\partial_\mu \rho)^2 - \frac{1}{2} (\partial_\mu \theta)^2 - \frac{1}{2} (\partial_\mu \phi)^2 - \frac{1}{2} (\partial_\mu \psi)^2 - \frac{1}{2} (\partial_\mu \chi)^2 - \frac{1}{2} (\partial_\mu \eta)^2 - \frac{1}{2} (\partial_\mu \sigma)^2 - \frac{1}{2} (\partial_\mu \tau)^2 - \frac{1}{2} (\partial_\mu \rho)^2 - \frac{1}{2} (\partial_\mu \theta)^2 \right]$$

The difference between

Reference and

Creative media

is their direction

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

"Of the people, for the people"

Since 1873

?? ? ? ? ? By Van

"Who is the mayor of this town?
Who founded it, and when?
What is it gives it most renown?
Who are its Councilmen?
How has the population grown?
And how I you tell me please,
"Some of the facts that are best known
"About the industries?"
"Where shall I find the City Hall
And those who office hold?
Please name the nearest market stall
Where snowkrout is sold
Does Baxter Street run east or north?
Where is the City Jail?
And where does the new dam lead forth
As spokesman of the mast?
Where are the magistrates and courts?
When do the organs meet?
Who keeps a list of work reports?
Wherein have asked tonight
Know of a man whose name is Darch,
Who passes and delivers wares?
Who preaches in the Baptist Church?
Who is his good overalls?
"Where can I get an oyster stew,
Where buy reported rugs?
Who renovates the carpets? Who
Extends the of the bags?
What car will take me to the zoo
"And public library?
How can I find my friend, Carew,
I've traveled miles to see?
How if you kindly put me wise,
"And think me not a bore,
"I she seems it very nice—
"And ask you something more."

Now listen friend, you'll ask no more
Or use a red cap
In busy and my semaphore
I set you see at STOP!
To find the folks you want to meet
And every place and street,
Please look to the DIRECTORY—
You'll find it there complete
That book is compiled by a greatest care
For those who want to know—
"You'll find one in the drug store, there
"Now when I signal GO."

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference" Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

"Who is the mayor of this town?
 "Who founded it and when?
 "What a it gives it most renown?
 "Who are the Councilmen?
 "How has the population grown?
 "And will you tell me, please,
 "Some of the facts that are best known
 "About our industries?
 "Where shall I find the City Hall
 "And those who office hold?
 "Please name the nearest market stall
 "Where sauerkraut is sold.
 "Does Baxter Street run east or north?
 "Where is the City Jail?
 "And where does Uncle Sam hold forth
 "As guardian of the mail?
 "Where are the Magistrates and courts?
 "When do the judges meet?
 "Who keeps a file of stock reports?
 "Where's Kensington Street?
 "Know of a man whose name is Burch,
 "Who paints and plasters walls?
 "Who preaches in the Baptist Church?
 "Who sells good overalls?
 "Where can I get an eyeglass case
 "Where buy imported rugs?
 "Who renovates the carpets? Who
 "Exterminates the bugs?
 "What car will take me to the zoo
 "And public library?
 "How can I find my friend, Carew,
 "I've traveled miles to see?
 "Now, if you'll kindly put me wise,
 "And think me not a bore,
 "I shall esteem it very nice—
 "And ask you something more."

"Now listen, friend, you'll ask no more
 "Of me, a tired cop
 "I'm busy and my sashophone
 "Is set, you see, at STOP!
 "To find the folks you want to meet,
 "And every block and street,
 "Please look in the DIRECTORY
 "You'll find it there, complete
 "That book's compiled with greatest care
 "For those who want to know—
 "You'll find one in the drug store, there.
 "Now, when I signal GO."
